

Unattended Payment Services

powered by  **emboss**

EMBOSS - ENABLING INTEGRATED EFT PAYMENTS WITHIN UNATTENDED KIOSK ENVIRONMENTS

Retailers are rapidly deploying unattended kiosks to extend their multi-channel sales capability beyond their stores as a result of Chip and PIN which now provides a reliable, fast and secure way to pay using credit and debit cards. Digital photo-print booths, local councils, cashless payments systems, outdoor fuel dispensing, dvd and book dispensing are just a few application environments adopting integrated EMBOSS Chip and PIN payment services from YESpay.

By linking to EMBOSS, the leading multi-acquirer pre-accredited Chip and PIN and magnetic credit & debit card payment service, YESpay's partners and customers can benefit from minimal capital investment, fast time to market and low monthly service costs. Customers can upgrade and deploy their kiosks with integrated EFT payments in as little as 2 weeks without further bank testing. Using a simple to use and intuitive interface, YESpay's customers can confidently accept any card payment at their kiosks with the knowledge that each transaction is securely authorised and settled with their card acquirer via EMBOSS.

Sagem UPT

Detailed transactions reports can be directly accessed in real-time using the web linking to EMBOSS making reconciliation simple. Downloadable transaction and settlement reports all the way to a single kiosk can be accessed and imported into in-house accounts and management reporting applications in a matter of minutes.

Verifone Secura UPT

YESpay's EMBOSS bureau service has gained multiple generic accreditations with a variety of unattended kiosk PIN Pads and bank card acquirers. In addition, with the increased requirements of added transaction and card security, EMBOSS has also been fully certified to Payment Card Industry Data Security Standards (PCI DSS) mandated by Visa and MasterCard.

Addressing all your Kiosk Chip and PIN needs

YESpay's EMBOSS service features include:

- Fully integrated EFT payment service for semi-attended, unattended and outdoor payments
- Generically accredited by major Card Acquirers - Barclaycard, Bank of Scotland, HSBC, Lloyds Cardnet, Streamline
